## **General rules – Corona supplement**

- Those who do not belong to the groups referred to in § 1 (2) of the CoronaSchVO (families, two domestic communities, groups of up to 10 persons, etc.) must observe a distance of at least 1.50 metres on the premises of the German Kiiking Association and the labyrinth. This in particular applies to waiting persons as well as spectators
- The traceability of the persons involved in the sport and training operation must be ensured. Pursuant to § 2a (2) of the Regulation, it is the responsibility of the persons meeting to ensure, for four weeks after the meeting, that, in the event of infection with the coronavirus, all persons can be reported to the health authority. For this reason, we will record appropriate data as long as the situation requires it. After 4 weeks we will dispose the contact details properly and safely
- Disinfecting the hands before and after the use of the swings is required. In addition, the swings will be disinfected after each use by the team of the German Kiiking Association
- Both while waiting and for spectators, wearing a suitable mouthguard is mandatory. During the time of swinging, the mouthguard may be removed

**We kindly ask you to pay attention to your fellow human beings in order to be able to protect their unconditional protection of health**

**Thank you for your understanding,**

**The German Kiiking Association e.V.**
